

Challenge Yourself, Challenge Your City!

CircularCityChallenge

The CircularCityChallenge is a Pan-European contest for ideas on circular interventions in students' local environments. This challenge empowers young people to making the world a better place. **Propose your innovative and sustainable solution to support a circular way of living!**

This competition is more than just a project contest for a school grade. It is a chance for students to become agents of change in a world that urgently needs circular solutions.

By participating, you learn how to design fair solutions that reduce waste and pollution, reuse resources, and restore nature. You will also gain new skills, access relevant training, unlock networking opportunities, and have a chance to be heard and win great prizes.

Join the CCC today and be part of the circular movement that is transforming the world for the better.

Who can participate?

- Open to all students between the ages of 14 and 18 across all EU-member states
- Students can only participate as a team with fellow students (maximum 3 students).
- Team members may be of various age, and cross-class collaboration is welcomed.
- Students can participate in the CCC as part of their school lessons or independently.

Use our tools and build your skills!

Shape the world to your ideas!

Realize your passion and win awesome prizes!

Duration
05/2022 to 10/2024
